

# **Piktochart Project**

*One of the main focuses of this summer camp unit was reading informational text and using text features, while studying whales. For an end of camp project, the students were tasked with creating their own informational text on a sea creature of their choosing. Instead of a normal essay/paper format, they used the online tool “piktochart” to create their infographic.*

## **Your Job:**

Using piktochart, create an infographic about a fish or sea creature of your choice.

## **Requirements:**

- 5 different pictures
- 4 similes
- Information about your fish
  - What it eats
  - Where it lives
  - Predators
  - Lifespan
  - What types of fish does it live with?
  - What is one unique fact about this fish?
